Forecast for Monday 21 Aug 2023

Weather: A fine start to the day with patchy cloud and some early sunshine and a few showers. Turning increasingly cloudy through the morning but still bright until rain starts to arrive from the west from mid-afternoon. This spreads southeastwards through the late afternoon, with the southeast holding onto dry conditions until the evening. Rain rather heavy, especially in the west.

Chance of cloud-free hill tops above 800m: 80% decreasing to 40% from the north through the evening

Low Cloud and visibility: Few or scattered low cloud base 700-800m from late afternoon in the north, becoming broken through the evening across the region and lowering to 500-700m. Good visibility at first, lowering to moderate in rain and poor in heavier bursts.
